Hello, my name is Dr. Woods. Welcome to my practice. My goal is providing you and your family with the best in dental care while building lasting relationships.

Nothing is more important than the finest care for you and your family. As a mother of two, I understand and appreciate that. Working with you to deliver the best dental treatments available for your entire life is important to me. My experienced staff and

I deliver quality dentistry using the latest proven technologies.

As a Southern California native, I am thrilled to practice dentistry in the community where I grew up, went to school, and am raising my own children. This is the community in which I work and live; therefore, I value establishing long-lasting relationships. In fact, the practice that I have owned for 23, years is the very practice where my parents first started receiving great dental care in the 1950s.

I invite you to browse the website to learn more about our quality, personal and genuine care.
